

MDF Mouldings for Prompt Shipment

WWS Sault Ste Marie Moulding Manufacturing

1 Premium Quality Core

Weston uses only the highest grade MDF to ensure great quality mouldings. We double prime with latex paint for a perfect finish.

2 Expedient Turnaround Times

Weston's high speed moulding lines can meet any demand. We offer short lead time capability with great run size capacities, "Our mill is your Mill".

3 Endless Customization

Whether it is our wide range of offerings and thicknesses from 3/8" to 1", Weston can do it all!

4 Machining and Barcoding

We offer end dado plus hinge and strike machining on flat jambs, retail barcoding on mouldings, minor bundling, and welcome special packaging requests.
